Docket No. E-00000A-19-0128

In Re: Compliance with Decision No. 77849, Quarterly Reporting on Residential Customer Service Terminations and Accounts in Arrears, Q2 2021

The Morenci Water and Electric Co. (MWE) hereby provides its quarterly report on residential customer service terminations and accounts in arrears for the period April - June 2021. As required by Decision No. 77849, the data are reported for the MWE service territory by applicable zip code. See the following tables for the requested information for Morenci, zip code 85540, and Clifton, zip code 85533.

The data indicate that a small number of customers in April in each zip code were disconnected due to non-payment, and a slightly higher number of customers avoided disconnection due to the moratorium policies in effect. A roughly comparable number of customers in both areas were in arrears. In Morenci, the total amount in arrears ranged from a high of \$2,338 in May to a low of \$1,262 in April. In Clifton, the highest arrearage of \$2,838 was incurred in June and the lowest amount was \$1,206 in April. The average arrearage across the two areas varied by month, but overall ranged from just under \$110 to just over \$150.

Both Morenci and Clifton had either 1 or 2 residential customers enrolled in a deferred payment arrangement (DPA) in each month of the quarter, except for Clifton in June. All customers on a DPA remained in compliance with the DPA.

Few customers were in arrears by more than \$300. In Morenci, at the most there were two customers in such a position. In Clifton, similarly, at the most there were two customers in this position.

MWE does not have a low income discount tariff and therefore does not have information related specifically to low income customers.
